10	Admin Profile	No access.
11	Developer Profile	No access.
12	Virtual ID (QR / Face)	View their own Virtual ID; use QR/Face for attendance or access systems.

13	Profile Edit	Edit their own profile fields allowed by the institution.
14	Role List	No direct access; they just operate within their assigned role.
15	Assign Role	No access.
16	Permission Matrix	No access.
17	Role Change History	No access.
18	Privacy Settings	Configure their own privacy options (e.g., visibility of contact details).
19	Biometric Consent	Accept or revoke biometric consent for their own account.
20	Data Download Request	Request a download of their own personal data if provided.
21	Student Attendance Dashboard	View attendance dashboard for their own classes/sections.
22	Class Attendance Dashboard	View attendance summary for classes they teach.
23	Attendance Detail per Student	View attendance details of students in their classes.
24	Face Enrollment	Help enroll student faces for their classes where allowed.
25	Flagged Attendance List	See flagged attendance entries for their classes and respond where needed.
26	Attendance Override Requests	Trigger manual marking or override requests for their classes.

27	CCTV Live View (admin)	No access.
28	Kiosk List	No access.
29	Kiosk Settings	No access.
30	Attendance Policy	View institutional attendance rules (read-only).
31	Holiday / No-Class Setup	View scheduled holidays and no-class days.
32	Attendance Alert Settings	View how alerts behave for their classes; not configure.
33	Attendance Notification Log	View alerts sent for their classes/students where permitted.
34	My Timetable (Student)	No access except maybe preview when impersonation for testing (normally none).
35	My Timetable (Teacher)	View their own timetable (periods, subjects, rooms).
36	Class Timetable View	View timetable of classes they teach.
37	Timetable Generator	No access; they can only request changes.
38	Timetable Conflict Resolver	No access.
39	Timetable Change History	Optionally see change history relevant to their own timetable.
40	Institution Calendar	View institution-wide events, exams, and holidays.
41	My Calendar	View their own teaching calendar (classes,

exams, PTM, events).

42	Event Details	View event details; create class events within their scope if allowed.
43	Event Management	Create/manage class or subject-specific events subject to approval.
44	Fee Plan Setup	No access.
45	Invoice List	No access.
46	Fee Waiver / Scholarship	No access.
47	Fee Due List	Optionally see simple “fee clear / not clear” flags for their students if enabled.
48	Fee Payment Home	No access.
49	Payment Methods	No access.
50	Payment Confirmation	No access.
51	Receipt Download	No access.
52	Transaction History (Student/Parent)	No access.
53	Online Transactions List (Admin)	No access.
54	Manual Payment Entry	No access.
55	Failed Transactions & Retry	No access.

56	Refund Management	No access.
57	My Courses	View courses they teach with LMS integration.
58	Course Detail	View details of their courses; manage some settings if allowed.
59	Lessons & Topics	Create and manage lesson plans and topics for their subjects.
60	Resources / Handouts	Upload and manage teaching resources, handouts, and materials.
61	Assignment List (Student)	View student assignment lists for their classes to monitor status.
62	Assignment List (Teacher)	Create and manage assignments for their courses.
63	Assignment Detail	View and edit assignment details (instructions, due dates, attachments).
64	Submit Assignment	No real-world use; may only test the flow occasionally.
65	Grade & Feedback (Teacher)	Grade submissions and give feedback to students.
66	Homework List	Create and view homework for their classes.
67	AI Homework Helper	View analytics and AI-usage signals for their students' homework.
68	AI Explanation View	See how AI is explaining concepts to students; adjust teaching strategy.
69	Homework Progress	Track homework completion progress of their

classes.

70	Ask Assistant (Chatbot)	Ask about schedule, class analytics, basic system queries.
71	Chat History	View their own chat history with the assistant.
72	Escalate to Human Support	Escalate issues they face (technical or workflow) to human support.
73	Exam Calendar	View exam calendar relevant to their subjects and classes.
74	Exam Timetable	View exam timetables in which they are invigilators or subject teachers.
75	Exam Setup	No access (unless given special exam-coordinator role separately).
76	Hall Ticket (optional)	View sample hall tickets for verification if allowed.
77	Marks Entry	Enter marks for their subjects and classes.
78	Result Verification (HOD)	No access (belongs to HOD/Head role).
79	Publish Results	No access; they just submit marks and see class performance.
80	Student Result Card	View result cards for students in their classes for academic follow-up.
81	Practice Tests List	View available practice tests and assign to their classes when allowed.
82	Start AI Test	Start/trigger AI tests for their classes or

guide students to start.

83	Test Result & Analysis	View test analysis to understand student strengths and weaknesses.
84	Teacher Test Request	Raise requests for AI-generated tests based on syllabus and difficulty.
85	Student Analytics (self view)	No access (this is student-side).
86	Class Analytics	View analytics for their classes (attendance, marks, engagement, risk).
87	Department Analytics	Limited/optional view depending on institution; usually HOD has full access.
88	Institution Analytics	Generally no access; may see high-level widgets if institution enables.
89	At-Risk Students List	View at-risk students list for their classes and plan interventions.
90	Feed (Noticeboard Timeline)	View notices; create class/subject notices for their students.
91	Announcements List	View official announcements relevant to them and their classes.
92	Notice Details	View and edit their own notices; read institution notices.
93	Create / Schedule Notice	Create and schedule class/subject notices subject to approval.
94	Messages Inbox	Receive messages from students/parents and staff.

95	Messages Outbox	Send messages to students/parents of their classes.
96	Class Channel	Use class channels for announcements, discussions, and doubt clearing.
97	Parent-Teacher Chat	Chat directly with parents regarding students in their classes.
98	PTM Scheduler	Propose PTM time slots and publish them for parents.
99	PTM Slot Booking	View which parents booked which slots for their PTM schedule.
100	PTM Summary / Notes	Record PTM outcomes, action points, and follow-up notes.
101	Clubs Directory	Browse clubs and see where they are assigned as mentors.
102	My Clubs	View and manage clubs where they are mentor/owner.
103	Club Detail	Manage activities, events, and member lists for clubs they mentor.
104	Co-Curricular Calendar	View co-curricular events relevant to their clubs and classes.
105	Club Admin Page	Use this page when they are designated as club admin/mentor.
106	Tools Home	Quick access to core teacher tools (attendance, LMS, exams, analytics, messaging).
107	Submit Feedback	Submit feedback about courses, systems, or

processes

processes.

108	Feedback List (Teacher/Admin)	View feedback related to their courses in aggregated or anonymized form.
109	Feedback Analytics	See analytics about feedback for their courses where allowed.
110	Create Ticket (Helpdesk)	Raise helpdesk tickets (technical, timetable, attendance, LMS issues).
111	Ticket Status	Track status of tickets they have raised.
112	FAQ / Knowledge Base	Use documentation to self-solve platform and process issues.
113	Contact Support	Contact support when FAQ/helpdesk is not sufficient.
114	Notification List	View notifications sent to them (alerts, reminders, system messages).
115	Notification Settings	Adjust their own notification preferences where allowed.
116	Notification Template Management	No access.
117	User Activity Log (per user)	View only their own activity log if exposed (for self-audit).
118	System Audit Log (admin)	No access.
119	Institution List (Developer)	No access.
120	Institution Detail &	No access.

	Settings	
121	License & Limits	No access.
122	Data Backup / Export	No access.
